THREADS OF LIFE QUILT
CELEBRATING
PATRICK BAURES
RECIPIENT

Patrick received his liver transplant in August 1997. At the time, we had one son, Adrien. Now we are blessed with our second son, Loic, who was born two and a half years after Patrick's transplant. We are so grateful to be able to have a wonderful man still with us and a father to his two little boys.

THREADS OF LIFE QUILT
HONORING
GEORGE C. BOYER
DONOR

George and his wife owned and operated the Fat City Restaurant in the Multnomah Village area of Portland for 22 years. George was a devoted father of five sons and one daughter. George and Louise attended Burlingame Baptist Church. George played high school football, with Florida State and one year with the LA Rams. He also loved to play golf. Selling the restaurant in March he went to work as a golf course (his dream come true). He was only able to enjoy it for 4 months before he was diagnosed with brain cancer. George felt he has a win/win situation when he was ill. Being a believer in God and His healing powers he said, "If I live I get to stay here with my family and loved ones and if I die I go to heaven to be with God." George would have been very proud to know that his eyes were being used by someone else to see. George died in September 1996 and donated his eyes.

SCOTT CARNINE
DONOR

Scotty loved family, the outdoors, fishing, hunting, cars and almost every sport. His favorite teams were Oregon Ducks and Phoenix Suns. He was our son and the light of our family life. We will love him and miss him every day. As a donor, he was able to help at least five people live fuller lives. Thank you for all you're doing.

THREADS OF LIFE QUILT
HONORING
SUNNY SUZANNE LEBSACK
DONOR

Sunny was 17 years old when she died from head injuries which were caused from a car accident. She had just graduated from high school two months prior. She had two brothers and one sister. She was an honor student and was active in drill team and cheerleading. She was beautiful...not only on the outside, but on the inside. She had a million friends (and I'm not exaggerating). One special quality that she had was that she could see the good in everyone. She was not influenced by peer pressure and had the ability to be a leader, to encourage other who did not believe in themselves, to be a role model, and to be enthusiastic about life. She loved people of all ages. She had no tolerance for prejudice. She loved downhill skiing, mountain biking, rollerblading, swimming, and water skiing. She was very strong and healthy. When I made the quilt square, it only made sense that it would have a sun on it. Her nickname was "Sunshine." It was also important to me the sun be a "happy sun" since sunny was a happy child with a most beautiful smile. The words, "she brought sunshine to our lives," are the words on her headstone. Those words are true and seem to sum up the way she was in her life, as well as in her death. Sunny donated her heart, lungs, liver, kidneys, pancreas, corneas, tissue and bones, in august 1993.

THREADS OF LIFE QUILT
HONORING
JUNE LINDQUIST
DONOR

June was married and had five grown children and eight grandchildren. God had blessed June with a positive attitude and an excitement for life; her smile reflected her attitude. Whether she was camping with her kids/grandkids, or sitting on a board meeting for the Lions Eye Bank, she made every effort to “make a difference.” Blue was her favorite color and chocolate was her favorite food group. A beautiful soprano voice and the ability to play the piano were just a few of her talents, and she shared them willingly. We, her family, were very fortunate that she was very clear about her wish to be a donor, and her wished were honored. June died in December 1997.

THREADS OF LIFE QUILT
CELEBRATING
ROBERT POTTER
RECIPIENT

Robert “Bob” Potter is a special person giving a lot of strength and love to his family throughout the many years of his disabled heart. He has directly and indirectly educated hundreds of people of the importance of the donor program and hopes a lot of knowledge has been gained by his transplant so he isn't the only one to benefit from it. Hopefully he'll be around many more years. Bob received his transplant in April 1993.

THREADS OF LIFE QUILT
CELEBRATING
TERRY RICHARDS
RECIPIENT

Terry did not have the words, “I can’t do it” in his vocabulary. He Never Gave Up! He was out mowing the lawn two days before he went into the hospital the last time! He loved family, life and God. He could fix anything. He never said “Good-Bye.” He always said “See ya later.” He knew he was going to heaven and that we will see him later! Terry received a heart transplant in January 1989 and died in March 2000.

THREADS OF LIFE QUILT
HONORING
REECE RITZ
DONOR

Reece, 22 years of age, lettered in football, had a 3.45 GPA and was to graduate in June. He was a role model for his younger brothers, an Eagle Scout, musician (piano, band and Bell Choir at United Methodist Church). During summers, he was AUSFS fire-fighter and one who brought great honor to his parents. He was a handyman who could paint, landscape, and construct, and was always gentle with children and well respected in his high school and community. Over 500 people came to the high school for his memorial service, which was a fitting tribute to one who always did his best. Reece was an organ donor; he died in December 1997.

He is enjoying life and especially enjoys spending time with his two children Kyle and Kate, who are both avid basketball and soccer players. Chris received his heart transplant in October 1996

JULENE WALLIS
RECIPIENT

I am currently 40 years old. I was 32 when I received my heart transplant. At that time my son was three and he's now 10! I am thankful every day for the chance to see my son grow up. I feel it is important for the public to know that, yes, transplants work! And also if someone decides to be a donor they must let their families know.
