QUILT TWENTY FOUR THREADS OF LIFE QUILT

Dear Friends -

I am thrilled to present Donate Life Northwest's 2022 Threads of Life Quilt. This work of community art is our 24th quilt that celebrates organ, eye, and tissue donors and the recipients whose lives they touched. Constructed from individually-designed squares made by members of the donation community, each square tells a unique story.

This year's quilt highlights donors like Hayden Patrick Carleton, a 15-year-old with a love of football, cheeseburgers, and hanging with his friends and family. His gift gave two people the miracle of vision, as well as enhancing the lives of others through skin and bone grafts. Recipients' stories are also represented, including that of Rebecca. Rebecca is a two-time cancer survivor and tissue graft recipient who has been given the gift of mobility.

Each square is a beautiful reminder of the precious gifts of life, sight, and mobility given by donors throughout Oregon and SW Washington.

We hope that you will take the time to learn about each individual represented in this year's quilt, and be inspired by the stories included in this book.

Donation and transplantation transform lives every day. On behalf of all of us at Donate Life Northwest, I would like to express our deep appreciation for donors, donor families, transplant recipients, and our friends and family that make our community strong. Together, we can save lives.

THREADS OF LIFE QUILT HONORING **DESIRAE ANN ARMSTRONG** GRANTS PASS, OR DONOR

Desirae was an amazing young lady. She was as genuine as a person gets. She was a daughter, sister, and friend. She touched more lives than we will ever know. She was well known to her community for her long beautiful hair, her vibrant smile, and her kind personality. She was very witty with her special sense of humor, something one would never forget. She loved her life and was always positive no matter how her disability affected her.

Desirae worked with special needs kids; she has a wonderful gift for that.

Desire was loved and is truly missed. Her light will continue to shine forever in our hearts.

Quilt Square was Designed and Submitted by Desirae's mom and dad, Sherri and John Armstrong.

THREADS OF LIFE QUILT HONORING **HAYDEN CARLETON** PORTLAND, OR DONOR

Hayden was kind, generous, and always thought of others. He was 15 years old, a resilient Type 1 diabetic who was passionate about football, cheeseburgers, and his Pinocchio collection, which was a fun hobby of his.

Hayden enjoyed camping, laughing, and painting rocks. Hanging with his friends and family mattered most. He signed up to be an organ donor at the age of 15 moments after passing his permit test. Hayden asked me why a "D" is on my driver's license.

The DMV guy and I explained to Hayden about donation and why it's important, and, he signed up right then. It made perfect sense that he did, as he was generous from an early age when he tried to give away our couch to the neighbor.

Hayden's vision continues as his gift gave two people vision. Multiple skin grafts, and bone grafts were also a gift to multiple people. Makes total sense that his skin lives on as well as his vision.

Kristin was born on October 20, 1987. She has several "loves" in her life, which included her immediate family, extended family, her dear friends, her dogs, and her love for music, poetry, classic movies, and TV shows.

An athlete from almost day one, Kristin always enjoyed participating and watching sports, her favorite sport by far was softball.

Kristin worked as a Senior Reporting and Financial Analyst. She loved whom she worked with and loved what she did – at which she really excelled.

We feel so lucky to have had her in our lives for the time we did. She was an amazing young woman whose life was cut short, but we are finding peace in knowing that with her passing and through organ donation, she goes on to help many others. She will live in our hearts forever. We miss Kristin so very much, and we always will.

THREADS OF LIFE QUILT CELEBRATING **TAMMY HENDERSON & BRIAN BRAUGHT** STAYTON, OR LIVING DONOR - RECIPIENT

I grew up in a very loving family with four kids. As the baby of the family, I was very spoiled by my siblings. They were five, six, and seven years older than I was. As they became teenagers, I got in the way too often, and I was an easy target for getting picked on.

In 1996, we found out my brother, who was six years older than I was, had kidney failure. One kidney had never developed and the other one was shutting down and he had to be on dialysis. He needed a kidney transplant, and our family stepped into action to see if we were possible donors. God allowed me to be a "Perfect Match". Even though he had picked on me during his teenage years, I did not think twice. I was ready to donate one of my kidneys to him.

Quilt Square was Designed and Submitted by Tammy Henderson.

She was able to bring a smile to others.

Vaneda may your memories carry on through the hearts and souls of the youngsters' laughter.

For a few years, they operated a fishing lodge near Cloverdale, Oregon. In recent years, he has enjoyed volunteering at Birch Community Services in East Portland.

David had Hepatitis B as a young person, then later Hepatitis C from which he was cured, however, he later developed liver cancer.

David received a liver transplant in 2016 at OHSU. He is extremely grateful for this gift of life and for the wonderful care he received from the staff at OHSU.

Growing up, Allen was involved with Boy Scouts and was interested in the outdoors. After Allen and Shirley moved to Lebanon, Oregon, he worked for the radio station KWIL.

Through their church, they were involved in youth work, and he enjoyed taking backpacking trips in the Oregon Cascades. Allen loved his church, the outdoors, photography, travel, archery, and his family (not necessarily in that order!).

THREADS OF LIFE QUILT HONORING **DREW CRONE LAUNIUS** VANCOUVER, WA DONOR

Drew was born and raised in the Pacific Northwest. With an incredibly adventurous spirit, which was vivid to all who knew Drew, he was always in motion, living life fully and experiencing each day to the fullest.

When you needed help, he'd be there; no questions asked, and doing everything in his power to lead the charge. One of his passions was to seek out new adventures and experiences - from tumultuous day hikes to serene kayaking trips. Another passion was his commitment to his health and his body. A dedicated workout regime was important to him. Six days a week you'd find him at the gym pushing his body through an excruciating workout. He was always striving to be his best and encouraging others to do the same.

Drew would capture you with his presence, his smile, and his humble charisma. He is a beloved son, brother, uncle, and friend who experienced unconditional love which he freely gave and received. Family and friends came first and were hugely important to him. He loved and cherished his two nephews and only wished they were his own.

Drew donated five organs: his heart, lungs, both kidneys, and his liver. We love and greatly miss him.

THREADS OF LIFE QUILT HONORING **LOREN LEIGHTON** EUGENE, OR DONOR

Loren was a man of faith, and husband of 40 years to his wife, Irene. He was the father of three daughters and their husbands. He was also the grandfather (Baba) of three grandchildren Hannah, Noah, and Kaitlyn. Since his accident, he has had an additional granddaughter, McKenzie, who is named after Loren's favorite river in Oregon.

Loren loved being in God's beautiful creation as he fished, hiked, camped, skipped rocks, and vacationed. But Loren especially loved it when his family and friends were sharing these same experiences with him. He became a runner later in life and ran mainly half marathons but qualified for the Boston Marathon during his first marathon a few months prior to his tragic ladder accident.

This year's quilt square honors Loren as a grandfather. He was affectionately named "Baba" by his first granddaughter. It actually means "Father" in some languages. He loved playing, reading, teasing, and spending time with his grandchildren. His legacy will live on through them.

Hannah selected the border fabric for the quilt square because his favorite color was blue and he loved flowers.

We are grateful his donated life has given others renewed hope and a better future.

Quilt Square was Designed and Submitted by Loren's wife, Irene Leighton.

On December 4, 1985, Bobby became Oregon's first heart transplant donor at Oregon Health & Science University (OHSU). The heart was donated to Wesley Merrill. Bobby's mother, Martha, had requested to meet her son's heart recipient because she wanted a relationship with the recipient. Her request was granted for her, and she considered Wesley a son because he had her son's heart inside him.

His family, friends, and other people who knew him miss Bobby dearly.

Quilt Square was Designed and Submitted by Bobby's sister, Balinda Olive Beltran.

THREADS OF LIFE QUILT HONORING **CURTIS MICHAEL PETERSON** HAPPY VALLEY, OR DONOR

Curtis was an avid outdoorsman. He worked as an apprentice carpenter and was working towards being a journeyman when he lost his life in a motorcycle accident at 24 years of age. Curtis had great pride in doing a good job and working hard so he could play just as hard when the work was done.

Curtis loved hunting, fishing, and camping with his family. He had a big group of friends who participated in lots of shenanigans.

He had an amazing laugh and would throw his head back and laugh out loud. We sure miss that laugh.

There are so many memories that will not get to be with our Curtis, but it helps to know that he was able to be another family's miracle as well as our own. We were always a family that believed in organ donation and Curtis designated his organ donor status on his driver's license when he turned 16.

He was able to donate his kidneys, lungs, liver, cornea, and tissue.

We have contact with one of his kidney recipients, and it gives our family great joy to know this wonderful man and his family got more time because of Curtis's life-saving donation.

THREADS OF LIFE QUILT HONORING **SCOTT NEAL SUMMER** SALEM, OR DONOR

Scott, aka "Hoss", was what our family called a gentle giant. He was a loving husband, father, son, brother, and friend. Scott was an active member of his church. Besides his faith and family, he had many passions.

Scott loved hunting and fishing and was probably happiest when tearing up the water on Lake Billy Chinook in our boat. He was a handyman who could build and fix almost anything. He spent two years building our dream home, doing 80 percent of the work himself with the help of family and friends.

He enjoyed woodworking and used his skills to build furniture and gifts.

He was an avid gardener, paging through seed catalogs in the winter, planting, and tending a large garden each year, sharing surplus with neighbors and co-workers.

THREADS OF LIFE QUILT HONORING **SCOTT NEAL SUMMER** SALEM, OR DONOR

Scott always enjoyed cooking and especially in retirement would look for and try new recipes to add to his repertoire.

He was a Green Bay Packers fanatic and one of the highlights of his life was an opportunity on a business trip to Wisconsin to run through the team tunnel and onto Lambeau Field!

Scott never met a stranger, at least not for long. He was always there to help anyone who needed a hand. How wonderful that now he is helping someone see the world through his eyes!
